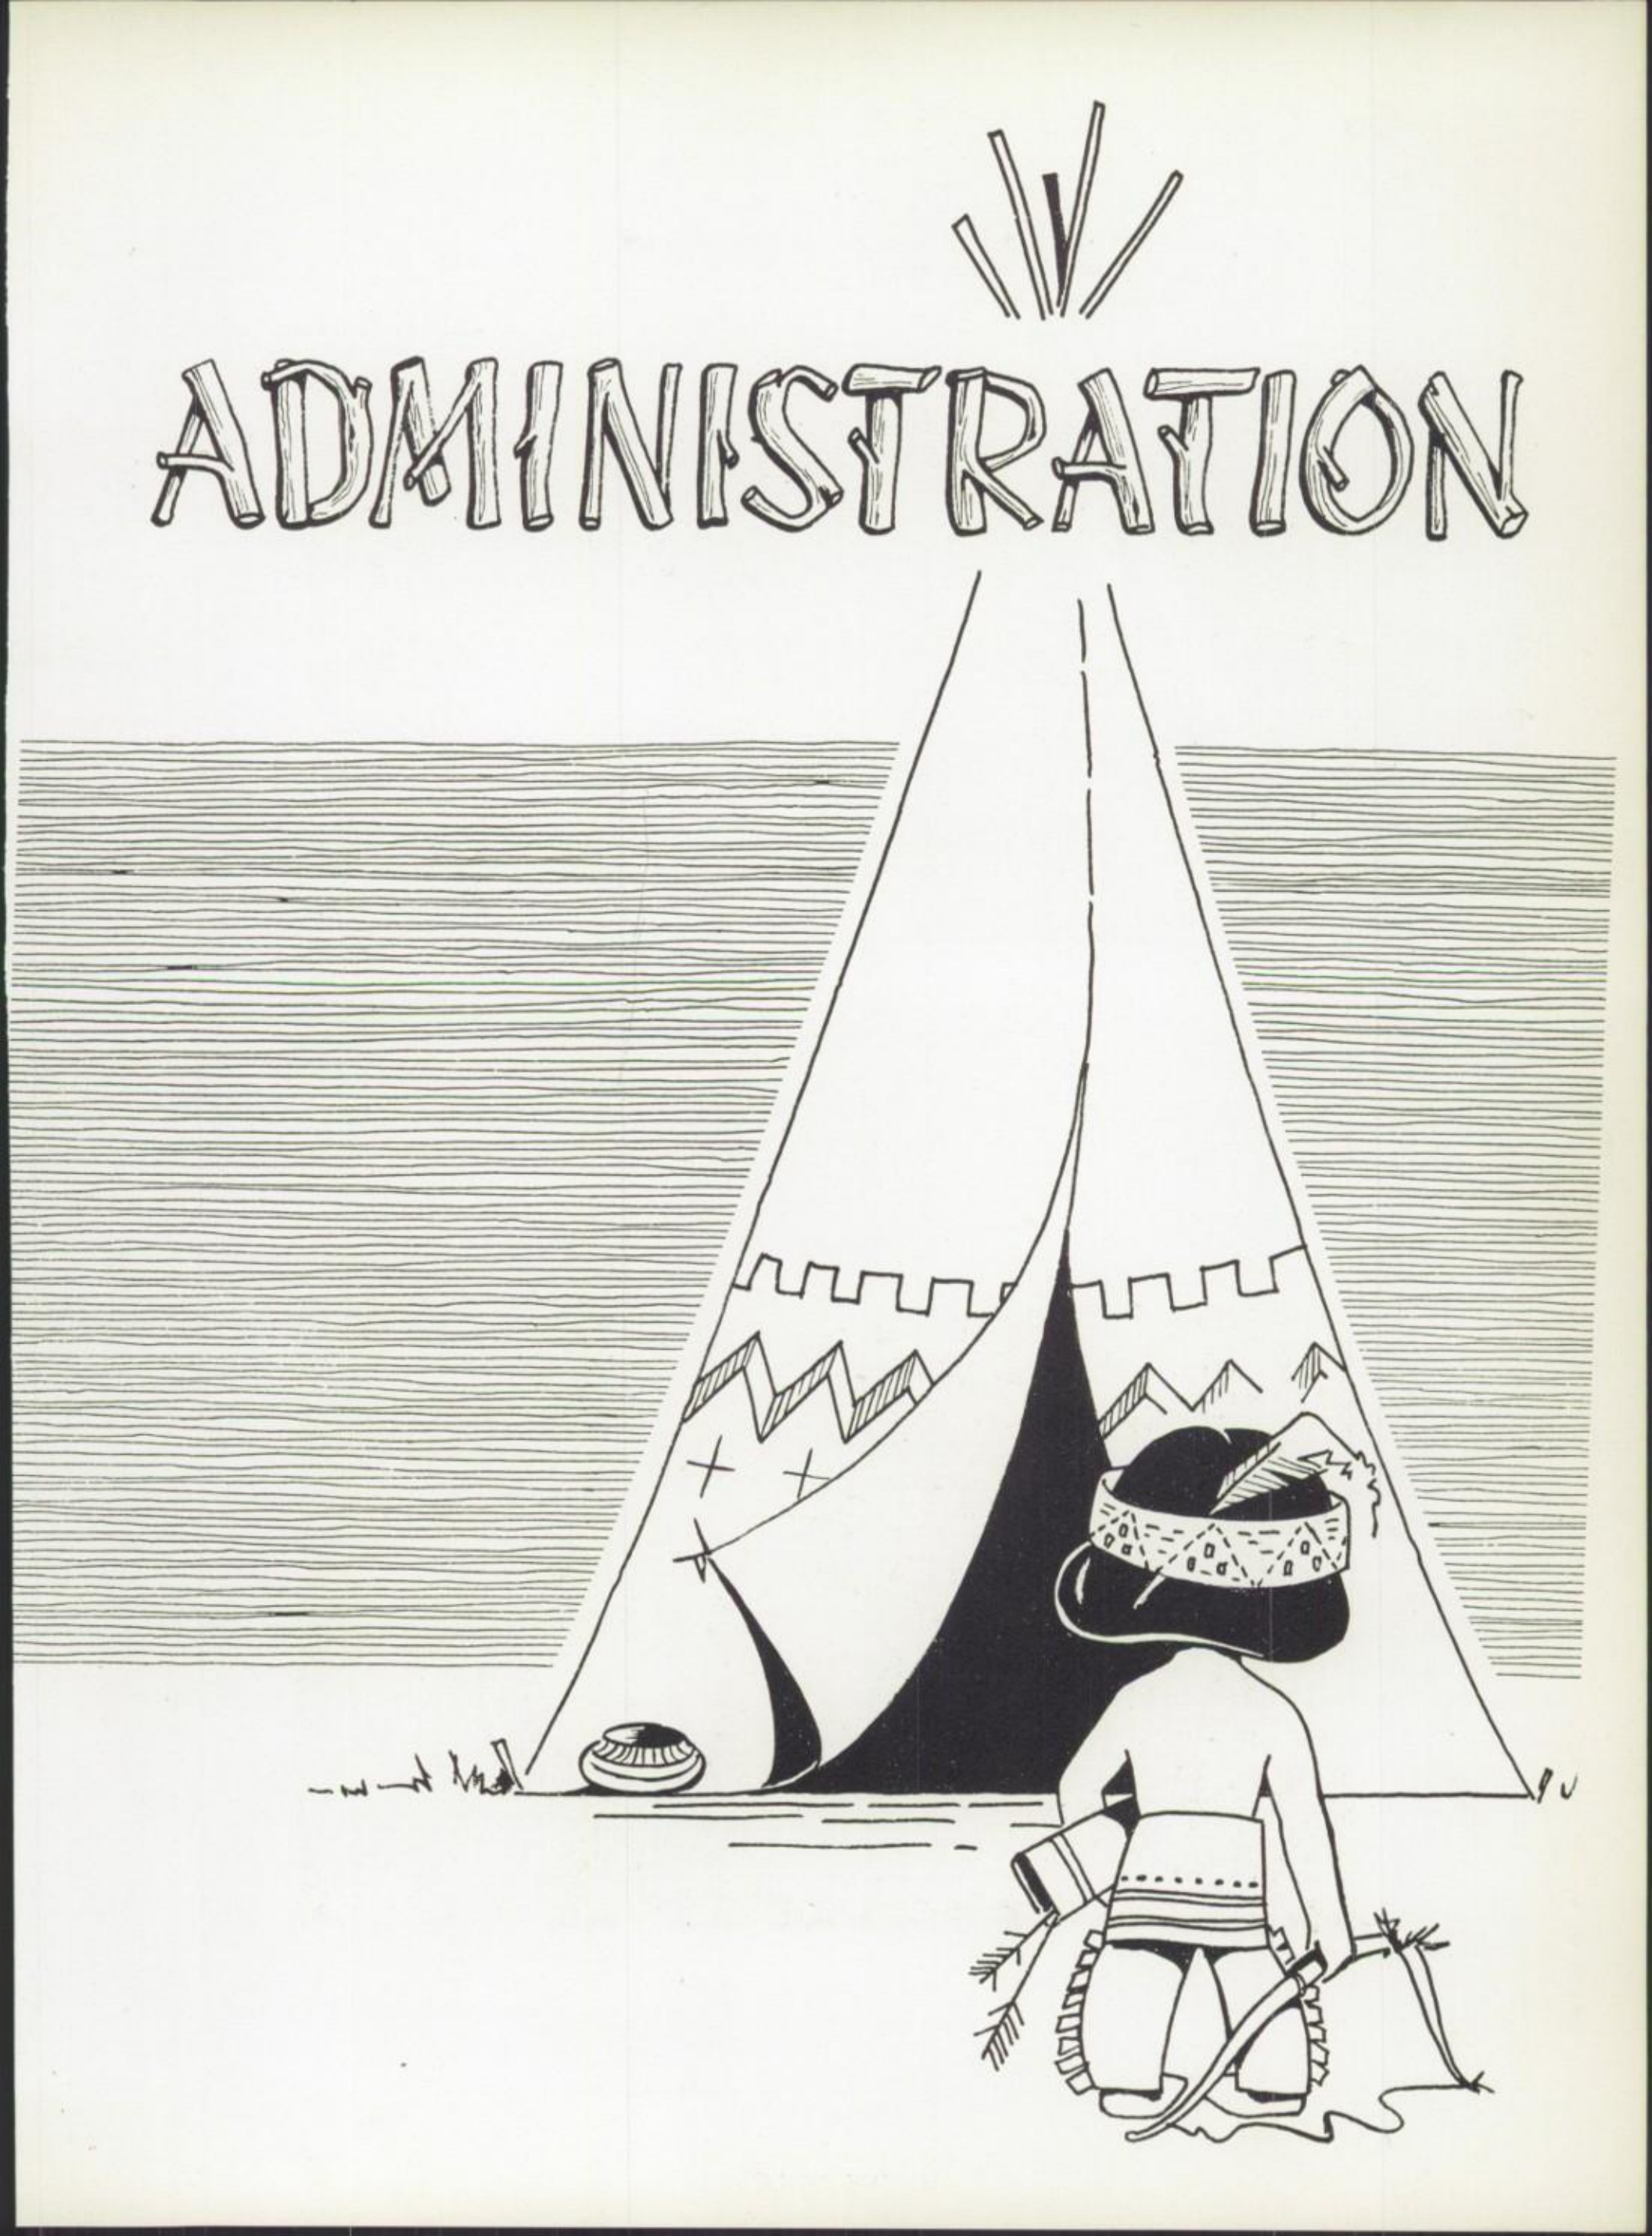
ADMINISTRATION



Congratulations to the Class of 1966!

The time has come for you to take your leave of Farmington School and assume your various roles in life. Your parents, teachers and citizens of Farmington have given of themselves to make your education a possibility. The board of education and the school administration hope that the time you spent as a student in Farmington School has fulfilled its mission in equipping you to meet the challenge of the American way of life.

L. E. Watkins

Integrity and Ideals

Our School is dedicated to the preservation of the American Way of Life, standing foursquare for God, The Bible, Our Glorious Republic, and The Constitution as it was written by The Founding Fathers.

If "Bigness is greatness", as is stated by some of the exponents of crass materialism, we could not be good, for our numbers are small, but we do not concur in this cynical definition, as we endeavor to build character for time and for eternity and strive to follow the precepts of our Redeemer and in the footsteps of those who made America great.

OUR SENIORS IN 1986

As I prepared to board my plane from Kennedy International Airport, who should I see but JACKIE MONROE, the world famous actress who had just returned from a world tour. I noticed her press agent, LINDA SMITH, was trying to ward off the newspapermen, surrounding the star. Upon entering the plane, I was greeted by SUE PHINNEY, the Airline Hostess. She informed me that JUDY JACKSON was my pilot for this flight. Judy, after graduation, had started taking flying lessons and was now the best commercial pilot in the business. I went up to the cockpit to say "Hi" to my old friend and who should I find sitting in the front seat of the plane but BRENDA ADKINS. Brenda was on her way to Washington, D.C. to become governess to the President's children. Slowly the plane began to take off. Flying over Albany, I looked out the window and saw the governor's mansion below. BONNIE BERG was the new Governor of New York and the Republican candidate for President. She was a very popular candidate and with SHIRLEY NOSSE as her campaign manager, it was predicted that Bonnie would win the election by a landslide. After about 2 hours in the air, we landed in Chicago. Famished, I immediately went to the airport restaurant. I was amazed to find REGINA COTTAGE working as a waitress there. After I had eaten, I asked Regina to introduce me to the chef so I could compliment him on his excellent culinary ability. To my surprise, the chef was none other than GARY HAWKINS. After chatting with Gary for a while I returned to the lounge to await my plane. There I met a group of elementary children touring the airport. They were accompanied by CAROL WHITE, their teacher, and DUANE THOMAS, principal of Oaks Elementary School. In the group, I noticed a set of blond-haired, blue-eyed triplets. Surely, I thought, they must be the children of Dave and GEORGENE. This couple had gotten married soon after graduation and were now living in a suburb of Chicago. While waiting in the lounge, I heard a special news broadcast. RUSSELL ROOT, four time winner of the Indianapolis 500, had just broken the worlds speed record. As my departure time drew near, I prepared to board my plane. While waiting in line, I met STEVE and THELMA, who were on their way to California to officiate the opening of their newest restaurant. I boarded my plane and after about 3 hours flying time, we landed in Los Angeles. On my way to the hotel, my taxi was given a motorcycle escort by an old friend, and now police officer, DAVID CHRISTLIEB. Upon my arrival at the hotel, I met JUDY and DONALD. He is now President of IBM and they were on their way to Disneyland with their four children. On my way to my room, I met KAREN SHEPHERD who was the manager of the hotel. The following day I went to the California Rocket Site where I saw DIANA BAILEY nervously awaiting the return of her husband, Zack, from his two-year flight to the moon. On my way to the airport for my return trip, I passed the Hillier Gold Mining Co. This company, owned and operated by Ray and MARY JO was the biggest mining company in the state. I flew directly to Cleveland and then took a bus to Parkman. There I was greeted by MR. JACKAMO, the owner of the Farmington Taxi Service. He had been so successful as a driver training teacher at Farmington High School that he had opened his own taxi service, employing his former students as drivers. Arriving in Farmington, I passed the J. & D. farms. JOE and Dorothy had gotten married after her graduation and purchased a farm on which to raise their fifteen children.
